BUSINESSMEN WOULD SPEED UP STREET WORK

Committee Named to Confer With Trustees Over Immediate Action. Street Superintendent Cozad of Santa Rosa to Make Recommendations.

The Sonoma Business Mens Association has had two meetings this week at both of which the proposed building of Sonoma's new pavement was under discussion. The Business Men protest the delay probable since the rejection of bids deemed too high by the city trustees, and all in excess of the money voted at the recent bond election. The Business Mens committee advocate the city doing the work by day labor under the direction of a competent and experienced man. They have invited Street Superintendent Cozad of Santa Rosa to look over the local situation and to make recommendations.

Some time ago the Board of Trustees visited Santa Rosa and saw the pavement being put in there by Cozad. They were very favorably impressed particularly as the cost of these streets is much less than other types considered. They are said to hold up and give excellent satisfaction.

The Business Mens Association also took up the matter of the contemplated fire engine, and asked its committee to make a prompt recommendation of the kind of engine best suited to Sonoma's needs in order that sufficient funds could be immediately collected for the purchase.

The Association went on record in favor of a bridge across the Golden Gate from the Marin county shore to San Francisco, a project which has been gone into by Marin county and the State Automobile Association.

CONGRESSMAN LEA AND WIFE VISIT THEIR RANCH HERE

Congressman C. F. Lea and wife came down to their Schellville ranch from Santa Rosa the fore part of the week to enjoy a quiet rest after the campaign in which Mr. Lea was so successful. They look forward to their care free hours at the rustic cabin on the place, and despite the glamour of official life at Washington call this "home sweet home". Mrs. Lea is delightfully domestic and is a true helpmeet whether busy with home duties or campaigning with her husband.

Congressman Lea leaves the coming week for the Mendocino coast to inspect the needs of the harbor and fisherfolk of Ft. Bragg. He will tour the eleven counties of his district to look into the merits of requests for aid in various projects of development.

Our representative at Washington gets his information of conditions at first hand and makes recommendations accordingly, merit not political expediency commending whatever is brought to the attention of Congress for government aid.

Mr. and Mrs. F. T. Duhring are contemplating a trip East, to be gone several months.

Mr. and Mrs. S. C. Cucci, prominent Sonoma hotel folks, accompanied by A. Clerici of the Sonoma News Depot have gone to Lake county on their annual vacation.

COUNTY TAX RATE LOWER THIS YEAR

School Fund Shows Increase With 75 per cent More for County High Schools. Increased Assessments.

Tax rates for the coming fiscal year were lowered this week by the board of supervisors, although the total levy will be \$122,011.88 more than in 1919.

The increase will be consumed largely in the higher apportionment to the schools. The only other item showing a higher rate this year than last is the county highway bond rate.

The tax rates this year will be \$2.35 in cities and \$2.75 in rural districts. Last year the rates were \$2.70 and \$3.10. Thus the reduction in each case is 35 cents.

The combination of a lower tax rate and at the same time a higher levy is brought about by the increase in county assessments, totalling approximately \$8,000,000.

The tax levy this year will amount to \$1,136,018.63.

The taxes divided into the various funds are given below for the two years:

	1919	1920
General fund	\$1,294	\$0,839
School fund	41	500
County High School fund	221	313
Salary fund	252	190
Indigent fund	138	330
Bond fund	404	532
State Highway Bond	694	571
County Highway Bond	251	282

Total in Cities \$2.70 \$2.35
Road fund 40 40
Total Outside \$3.10 \$2.75

A comparison of amounts to be raised for the various funds shows a decrease of approximately 20 per cent in the general fund this year, an increase of more than 50 per cent in the school fund; an increase of more than 75 per cent in the county high school fund, an increase of slightly more than 40 per cent in the county highway bond and relatively small fluctuations in other items.

The City Trustees of Sonoma will meet Tuesday, Sept 14, to set the City tax rate. Assessments have been raised this year inside the incorporated limits of the town.

Harvey Toy of San Francisco visited Sonoma Valley on Admission Day accompanied by a prospective purchaser of the old Nordwell homestead which is one of the last of Mr. Toy's holdings here. The buyer is looking at the handsome old home for a high class summer resort.

Misses Alfa Johnson, Jessie Hiser, Nellie Peterson, Beatrice Hicken Henry Hiser, John and James Kearney were visitors to the Ole Johnson rice fields last week.

The Ralph Murphy home being erected by the well known contractor on his Westfield ranch is nearing completion.

Otto Brandt has been up at the State Fair showing his classy horses and competing for some of the big prizes.

F. Nichelini has sold his mountain ranch back of Caliente to San Francisco parties. The ranch is one of the most scenic places overlooking the valley and is planted to vineyard.

GRAMMAR AND HIGH SCHOOLS REOPEN HERE

Goodly Attendance And Many Improvements Mark New Term's Beginning.

The Sonoma schools reopened Monday with good attendance and prospects of more pupils the coming week. Classes were so large at the Grammar School that the overflow had to be taken care of by parceling the members out among the various teachers.

Sonoma Valley High School opened with an average attendance for the first week of 84. The number of second, third and fourth year students was greater than perhaps any year previous. The class of new students was very much smaller than in several years previous for the first week. This is true, despite the new compulsory education act. The attendance is as follows:

Seniors	15
Juniors	15
Sophomores	28
Freshmen	25

The Board of Trustees have tried to do everything possible to make the school cheerful and attractive to work in despite its handicaps. They have also provided generously for the necessary equipment to raise the teaching efficiency. At the present time, except for the appearance of the outside of the building, it is without a doubt better provided for efficient instruction and proper recreation than at any time in the history of the school.

The interior of the building has been renewed and repaired, a supply room added to the office, hot and cold showers installed, 50 steel lockers put in, a new piano arranged for and up-to-date apparatus bought for various departments. A tennis and hand ball court of cement have been built and excellent athletic equipment for the physical science course installed.

Transportation from outside districts is provided, half the expense being met by the school. The purchase of a motor bus is contemplated.

The new students represent the following grammar school districts: Sonoma — 12 of 18 graduates, El Verano — 4 of 7 graduates, Flouery — 3 of 6 graduates, Huichica — 4 of 5 graduates, Tule Vista — 2 of 2 graduates, Glen Ellen — 1 of 1 graduate, San Luis — 0 of 1 graduate.

Where students who graduated from the grammar school have not yet enrolled in high school, under the law their parents and their employers are guilty of a misdemeanor. The principal of the high school is required by law to report all such cases.

Although the present attendance is only normal, nevertheless the buildings are not sufficient to accommodate the sessions of classes. The school could not possibly accommodate in excess of 100 pupils.

During the last two years and including this year the following new courses have been added to the school:

Biology, Mechanical Drawing, two classes and three periods; Typing, personally supervised classes; Forge Work; Economics and Social Science in place of Ancient History; Advanced Mathematics on alternate years; Community Civics and Vocational Guidance; Physical Education, four classes.

SORINI'S CIDER IS NEW SONOMA PRODUCT

Sonomabelle Brand Gains Favor With Judges of Good Fruit Juice.

Sonoma has a new industry with a promising future in the product being manufactured by G. Sorini under the attractive label of Sonomabelle brand apple cider. Mr. Sorini put in an extensive plant for making sweet cider this year and is in the market for all the juice apples he can buy.

The plant is equipped with modern washing device, crusher, sterilizing department and bottling works. The product is sweet cider and is carbonated. Judges of good fruit juice commend the Sorini brand very highly and it is predicted that the new industry will thrive and bring additional fame to the Valley of the Moon already widely known for many excellent products.

Frank Sprague, attorney for Bruce Weatherhead succeeded Tuesday in having decided in his favor the suit brought against Weatherhead by the Sonoma Valley Water, Light and Power Company involving ownership rights to certain land in El Verano where a tank of the company had been located. The case had been pending since last Spring and the plaintiffs failed to amend an alleged faulty complaint after repeated delays.

Mrs. S. Whiting of Boyes Springs has been entertaining Mr. and Mrs. Allen who motored here from their home in Modesto this week.

Mr. and Mrs. Ray Manuel suffered the loss of their infant daughter which was born last week.

MAXWELTON FARM TAKES PRIZES AT COUNTY FAIR

Miss Ruth Maxwell Adds More Laurels To Achievements in Raising Percheron Horses.

Sonoma Valley's successful woman horse breeder, Miss Ruth Maxwell, has won new laurels for Maxwellton Farm and its famous Percherons. She showed her horses at the Sonoma County Fair and won many prizes besides many complimentary press notices of her achievements.

The Santa Rosa Republican had the following to say of her success:

The judging of the horses has been started at the fair, with Miss Ruth Maxwell, of Sonoma, coming out victorious in almost all the classes. Miss Maxwell has her string of seven Percherons here and with them she has managed to carry off the majority of ribbons in her classes. Miss Maxwell is one of the leading woman horse breeders in this section. She lives on Maxwellton farm, being of the third generation of Maxwells to live there. Her grandfather was a horsebreeder having exhibited horses and won prizes as far back as 1860 when Petaluma was at the height of its horse showing career. Her father did not care for the breeding of fine horses but the grandfather's ardor has been revived in Miss Maxwell.

At the time of the Panama Pacific International Exposition Miss Maxwell purchased two thoroughbred Percheron mares from Dunham McLaughlin company of the same stock that Anita Baldwin the famous breeder, secured her prize winning stock.

Miss Maxwell has raised five colts since 1915, with the result that she has seven animals which are each worth over \$3000 and are all prize winners. Besides this, the two mares have done every bit of work on the 100 acre Maxwellton farm.

Miss Maxwell does all her own plowing and farm work, raising prunes hay and alfalfa. She broke her two mares to harness, without aid after they were three years old.

Last year she took the first prize yearly filly at the California International stock show held in San Francisco.

Yesterday her horses received first place in the working team class; Grand Champion in the two-year filly; first prize for mare on Adelaide; and second on Phoebe; first prize on three-year-old Sonoma bidem; first prize on yearling Antan Brilliant; second prize on yearling Debaran, and first prize on two-year-old Adept.

OLYMPIC CLUB BENEFIT FOR LONDON MEMORIAL

Noted Athletic Members To Combine With Boyes Springs In Big Event September 18th.

As their "bit" toward the wonderful work of the Glen Women's Improvement Club in the collection of funds for the Jack London Memorial Library at Glen Ellen, the Olympic Club of San Francisco and the management of Boyes Springs have combined one a big benefit scheduled for September 18th, afternoon and evening. Athletic instructor Leonard, a number of famous swimmers and four star boxers will be here to furnish sensational feats for the crowds. The day time program will be arranged at the bathhouse where the swimming and diving exhibitions will take place. There will be a sale of Jack London's books, photographs and souvenirs by the ladies of the Glen Ellen Club.

In the evening at Boyes Springs theatre there will be a program of vaudeville, boxing exhibitions and dancing. The hours promised by the Olympic Club will be of much interest and vaudeville of class will be presented. Music by Wilson's Jazz orchestra assures those who love to "step" a right good time.

Sonoma Valley can be depended upon to turn out en masse for this event and show the Olympic Club and Springs that their generous contributions to the Jack London library to be built in the Valley of the Moon is genuinely appreciated.

Jimmy Acquistapace of Agua Caliente has purchased a rifle and has been out deer hunting. A big forked horn buck is Jimmy's ambition.

ROLFE L. THOMPSON IS ELECTED SUPERIOR JUDGE

Judge Contest Declared Settled at Primaries Through Election Law Provision Eliminating Denny.

Says the Santa Rosa Republican of Tuesday last:

Rolfe L. Thompson, candidate for superior judge, has defeated the incumbent, Judge Thomas C. Denny, at the primary for a position on the superior court bench.

Such is the interpretation placed on the law by political wisecracks who have apparently excellent grounds for their contention.

In a compilation of the ballots cast at the recent primaries, with the precincts of Skaggs Springs and Soda Rock still missing, and estimating their total vote at fifty each, which is a liberal estimate, the total vote of the county cast at the election would be 10,021. A majority of these votes would be 5011.

Judge Emmet Segwell polled a total of 6,351 votes at the primary and Thompson's vote tallied 5,271. Giving Judge Denny the benefit of all the votes cast at Skaggs Springs and Soda Rock precincts, his total would reach only 4,563. This gives Thompson a majority of the votes cast and a margin of 260 votes to spare, and evidently elects him at the primary.

The law applicable to such a contingency is found in the statutes of 1917, page 1357, and the portion which is pertinent to the Denny-Thompson case is as follows:

"And provided further, that in case there are two or more persons to be elected at the November election to any judicial office, and in case any candidate for such office receive at the August primary election the votes of a majority of all the voters participating in the primary election in the state of political sub-division in which said office is voted upon, such candidates being herein designated as 'majority candidates,' said majority candidates shall, if their number is not less than the number of the persons to be elected to such office whose names shall be printed upon the ballot at the ensuing November election."

Thompson was in Sonoma Valley this week attending a meeting of the

ARE WE REALLY SLIPPING?

The defeat of A. J. Wallace for the United States Senatorship sounds the doom of the Harris act in November and has caused the "drys" to wince right out loud and proclaim that California is slipping. Yes, we believe it is becoming sufficiently damp in sentiment to cause prohibitionists concern that the state is slipping, yes, even the southern end of it. Prohibitionists refer to the breaking of the dry spell (which spell binders put over on California) as a "wave of reaction" and declare that voters seem to feel that we have had a "surfeit of progress". Surfeit of fanaticism would be nearer the expression of real sentiment. The country is settling down to a normal contemplation of conditions and realizes that the only good thing is temperance with which prohibition is incompatible for prohibition is intemperance in its every aspect and design. Now that some of the smoke of battle has cleared away, those concerned with real betterment and progress and also those who believe that education and evolution are the only ways to achieve it are becoming a unit on the idea that prohibition as conceived by professional reformers is a ridiculous mistake both in theory and in practice. Temperance the nation insists on and will have. Radicalism as embodied in A. J. Wallace and his extreme dry policy was given a deliberate set back because Wallace did not measure up to the requirements of a temperate man, nor was he truly representative of the people of California. That the Wallace forces are peeved and see the handwriting on the wall is evidenced by the following statement issued by the California anti-saloon league:

The senatorial primary election was a disappointment to the united dry forces of California, because we knew A. J. Wallace, if elected, would have been a distinct and valuable addition to the strength of the "drys" in the national Congress.

Certain aspects of the election are worth noting, however, in order that friends of prohibition may not be confused. A considerable part of the electorate did not regard prohibition as the most important issue. Some of those who did regard it as important were misled by certain prohibition leaders into opposition to the course adopted by the united dry forces. Such a thing will not be possible a second time.

The nomination of Shortridge is primarily a warning or an indication that the wave or reaction has assumed considerable proportions. The nominee stood squarely on a reactionary platform. He represents the feeling that we have had a surfeit of progress.

Our concern is the success of the prohibition policy, that is to say, a fair enforcement of the Volstead Act. The progressive spirit in people of all parties made prohibition possible. Therefore it does concern us to make sure that the forces of reaction do not undo what has been done.

The mathematics of the dry campaign proved that neither Kent nor Shortridge could beat Phelan in the finals. The Republican party had its choice between Phelan, a Democrat, and Wallace, a distinguished Republican. The Republican party has chosen Phelan.

The closing paragraph is startling, is it not? Has the Republican party chosen Senator Phelan? Undoubtedly the contest between San Shortridge, choice of Republicans, and the influential Democrat will be of great interest. The mathematics of the "drys" sets us to wondering if they are so peeved at Shortridge that they will really deliver the goods to Phelan.

HOE, BUT DON'T DIG IN HERE!

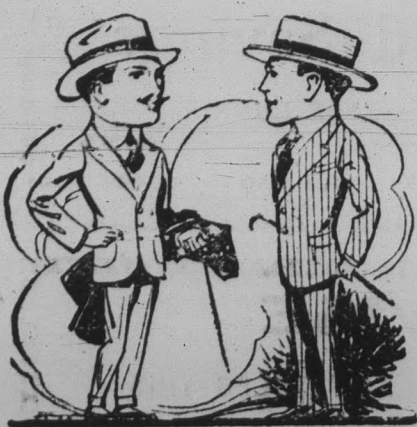

Here's an argument in favor of the new county movement. The people of the northern portions of the county seem to think on different lines. For instance, they gave a majority to Kent while down this way Kent was literally snowed under. Down here Kent's record on the tariff made him an undesirable candidate while in the northern part of the county the tariff issue was lost sight of. The new county interests are poultry, eggs, butter, cheese and produce, all of which need protection. The people of the northern portions of the county were opposed to the recall movement, while down here the people favored the recall. Our people seem to think along different lines. Beyond a feeling of neighborliness, which the new county would wisely eliminate, we have little in common with the people of the north and would much prefer to "hoe our own little row." —Petaluma Argus.

THE ICE THAT formerly went into highballs is now going into the ice boxes in the homes where there are babies says a Prohibition speaker. High balls now, eh?

SONOMA COUNTY PIONEERS PAY TRIBUTE TO GENERAL VALLEJO

The Sonoma County Pioneer Society met last Saturday, Sept. 4th, in annual session at Native Sons hall, Santa Rosa. The day was a memorable one attended as it was by men and women prominent in the history of this section of California, and dedicated to the memory of General M. G. Vallejo. By special invitation, Mrs. Lulu V. Emparan, daughter of the distinguished founder of Sonoma was guest of honor at the meeting. She was accompanied by Mrs. Dora Stoen, Miss Stofen and Mrs. Walter Murphy, the Sonoma visitors being most cordially received and entertained by the Pioneers.

The meeting was preceded by a bounteous lunch served in the banquet rooms of the hall after which the members and guests assembled for the afternoon program. Mrs. Emparan rendered a song in English and one in Spanish which were much applauded. Chas. B. Turrell, the California historian, then gave an eloquent review of events leading up to the settlement of California and the Bear Flag incident which he characterized as unnecessary and an effort to the representatives of Spanish and Mexican authority who had really preserved this county from the inroads of less desirable civilization and developed its resources. He paid glowing tribute to General Vallejo and his work in behalf of our Golden State.

Luther Burris of Santa Rosa was another speaker of interest. He reviewed pioneer days and events in Sonoma county and told of his personal acquaintance with General Vallejo and his many amiable and noble traits of character.

Judge Emmet Seawell also spoke, and in his accustomed eloquent style gave his version of the Bear Flag incident and brought out the fact that General Vallejo had not only contributed to the civil development of California

NATIVE SONS INITIATE MANY NEW MEMBERS

Sonoma Parlor No. 111 N. S. G. W. initiated a large class of candidates into the Order last Monday night. The affiliation of the many prominent young men with the local Parlor was made a memorable evening in fraternal circles here and the ceremonies were followed by a ravioli feed which was heartily enjoyed by all present. Those who joined the Native Sons on this occasion were Louis and Wm. Bosch, Joe Daniels, E. R. and John Dowdall, O. J. Groskopf, Richard Guilfoyle, James Kearney, Tony Marucci, Fred Meyer, August Pinelli, Jack Poulsen and Leo Vincent.

Mrs. C. Lowell and Mrs. Carrie Burlingame returned from Oakland the latter part of the week where Mrs. Lowell went to consult a noted specialist.

A. Giorgi, prominent Healdsburg merchant and a cousin of Julius Giorgi formerly of this place, died suddenly last Saturday night of inflammation of the brain. His death is widely regretted.

California and enriched the social side of pioneer days but had proven himself to be a true master of English as well as a Spanish scholar and left as priceless heritage many of his writings and contributions of a literary character entitling him to the highest place in our regard.

At the conclusion of the many beautiful tributes paid her father, Mrs. Emparan responded most graciously, thanking the Pioneers for the privilege of listening to the beautiful encomiums of her respected and beloved parent and particularly referring to the point of view of the Bear Flag incident as presented by Mr. Turrell.

Turrell expects to come to Sonoma very shortly, take many photographs of the old Vallejo home and scenes in and around Sonoma.

Mr. and Mrs. F. W. Cooke passed through Sonoma Friday of last week enroute to their Healdsburg home, after a five weeks' vacation to Europe and the Sierras. Mr. Cooke who formerly was one of the Index Tribune staff stopped off for a fraternal visit.

CARD OF THANKS

Permit me through the columns of your valued paper to thank the voters of the Thirteenth Assembly District for their splendid support as expressed at the polls. If the voters will continue their interest and give me their opinions on laws which will be proposed at the coming session of the Legislature it will enable me, the better, to represent all the people. This, of course, is presupposing that the nominations which I received are equivalent to an election.

From an examination of the result of this Primary Election it appears that the Primary Law might be strengthened by amending it so as to prevent a candidate being elected at the Primaries and also to compel a partisan to run on his party ticket only.

The Primary should not be allowed to detract one iota from the importance of the November election.

SONOMA'S LIBRARY NEEDS MORE FUNDS

The city trustees are confronted with the request of supplying more funds for the up keep and growth of the Sonoma Public Library which since its establishment as a civic institution by an ordinance passed in August 1909 has been maintained on \$600 per year, a special tax of 10c being levied to raise this amount. While this was adequate ten or eleven years ago it does not pay the expenses of upkeep today owing to the Library's growth and the higher costs to be met.

Sonoma's first Library was in reality a reading room established by the Womans' Club in October 1913 at the Odd Fellows building where it was kept open two days and nights in the week with volunteer librarians in charge. After the city took it over and agreed to provide \$600 per year for library maintenance it was moved to the Calderwood building on First street east. Here a regular Librarian was employed at a salary of \$20 per month and the library was kept open 11 hours per week.

In May 1913 the Carnegie gift of \$6000 enabled Sonoma to erect the fine structure which now houses our Library, and to the Carnegie gift the Sonoma Valley Womans' Club added a donation of \$880. The entire cost of the present library and its equipment was \$7352.30.

Many volumes have been added to the shelves in late years but with the provision of a regular Librarian, keeping open the Library every afternoon and evening, and after the cost of heating, light, janitor service, etc. is met there is little margin from the present funds to furnish the necessary new books. The increased cost of books, magazines and newspapers has made the problem a serious one for the Library Trustees who have appealed to the City for aid.

The following figures give some idea of the growth of the Library

SONOMA GIRL TO VISIT IN FRANCE

Miss Eugenie Froment, eldest daughter of Mr. and Mrs. A. Froment will sail for France October 15th accompanied by her aunt, Mrs. E. Legallet for a year's visit in Europe. Miss Froment will be much entertained during her sojourn abroad and take many fine motor trips with her relatives to historic and beautiful places in the Republic.

Announcement of the coming trip of the vivacious Sonoma girl was made at a prettily arranged party given by her parents Tuesday evening. After card playing, music and pleasantries the guests were ushered into the dining room and from the character of the decorations were asked to guess why they had been invited to the party. None guessed the story of the miniature ship with sails set and tricolor flying which ornamented the table center until the news of Miss Froment's trip abroad was told the company. Much merriment and congratulations over a splendid repast followed, all wishing Miss Eugenie a pleasant journey and a safe return.

The young lady will leave San Francisco, October 8th and take passage from New York on the "Lorraine" on October 15th. She will visit at the Legallet home in Paris and with her cousins at Mantes.
